INDEX.

A.

Abscess in upper part of abdomen, 206
Acarus folliculorum a cause of skin disease, 487
Acker, strychnia in diphtheritic paralysis, 553
Adenocele complicated with milk cyst, 479
Agnew, statistics of cataract extraction, 493
Air, ship-, 485
Aitken, Outlines of Medicine, notice of, 521
Alabama State Medical Association, notice of Transactions of, 224
Albany County Medical Society, notice of Transactions of, 220
Albuminuria as a symptom of epileptic paroxysm, 460
Allen, Medical Problems of the Day, notice of, 251
——, Studies in Facial Region, review of, 470
Amaurosis from a carious tooth, 567
——, strychnia subcutaneously in, 292
Amblyopia, strychnia subcutaneously in, 292
American Ophthalmological Society's Transactions, notice of, 488
——. Otological Society's Transactions, notice of, 493
Ametropia, colour-tests for, 491
Amnion, dropsy of, 569
Amputations at Pennsylvania Hospital, statistics of, 313
—— by ligature and elastic cord, 429
—— through joints, 558
Amyl, nitrite of, 544
——, use of, in spasm, and as an aid to diagnosis, 577
Anæsthesia, local, by Esmarch's method, 566
——, state of pupil during, 261
Aneurism at bend of arm cured by flexion, 453
—— of aorta successfully treated by iodide of potassium, 150
—— of femoral, treated by compression and subsequently by ligation of iliac, 135
—— of femoral, treatment by flexion, 134
—— of innominate, ligature of common carotid and subclavian, 555
——, treatment of popliteal, 280
Ankle-joint, primary excision of, 480
Annandale, antiseptic incisions an aid to diagnosis, 564
Antagonism of medicines, 263
Antiseptic surgery, 274
Apomorphia, 544
Arthritis, rheumatoid, 208
Arthropathies, spinal, 339
Ataxy, progressive locomotor, 205
Atkinson, strangury from local application of tincture of iron, 273
Atropia and morphia, antagonism of, 265 574
——. as an antidote to poisonous mushrooms, 262
——. and physostigma, antagonism of, 274
——. and prussic acid, antagonism of, 261
Auscultation, physical basis of, 216

B.

Barbosa, ligature of primitive iliac artery, 279
Barnett, atropia hypodermically in sunstroke, 111
Bartholow, combined administration of chloral, morphia, and atropia, 294
Barwell, treatment of chronic strumous synovitis, 277
Bayles, cocoa-butter in scarlet fever, 268
Bennett, antagonism of medicines, 263, 547
Berenger-Feraud, Melanuric Bilious Fever, review of, 163
Bibliographical Notices—
—— Aitken, Outlines of Medicine, 521

—— Rotunda Lying-in Hospital Reports, 517
—— Salter, Dental Surgery, 521

Bibliographical Notices—
——— Smith, Handbook for Midwives, 247
——— Stillé, Therapeutics and Materia Medica, 189
——— Stoerk, Parenchymatous and Cystic Goitre, 238
——— St. Thomas's Hospital Reports, 212
——— Thomas, Diseases of Women, 189
——— Thompson, Lectures on Diseases of the Urinary Organs, 249
——— Toner, Early Medical History of the United States, 527
——— Transactions of State Medical Societies, 221, 496
——— Ziemssen, Cyclopædia of Practice of Medicine, 499
Billroth, extirpation of larynx, 275
Biogenesis, studies in, 534
Bladder, injection of, 387, 560
———, exstrophy of, 586
———, spasm of neck of, cured by cystotomy, 561
Blood-corpuscles, similarity between the red, of man and those of certain other mammals, 151, 575
Blood, guaiacum test for, 212
———, pathology of, 265
———. pressure, dependence of, on quantity of blood, 535
———, rôle of the gases in coagulation of, 254
——— stains, diagnosis of, 151, 175
Bloodless operations, 216, 426
Boehm, physiological action of prussic acid, 261
Boldo, 543
Bordley, accidental elytrorrhaphy, 454
Boston Board of Health Report, notice of, 243
Brain disease, syphilitic, 432
——— functions, localisation of, 580
Brickell, operation for ruptured perineum, 322
Bright's disease, Mahomed on, 486
Bristowe, cysts of the abdomen, 215
Bromal-hydrate and atropia, antagonism of, 547
Brunton, atropia an antidote to poisonous mushrooms, 262
Budin, state of pupil during anæsthesia, 261
Buhl, Inflammation of the Lungs, notice of, 504
Bull, syphilitic lesions of eye, 412
Busey, epithelioma of larynx, 406
———, polypus of tongue and of uvula, 457

C.

Calculus, renal, 484
Callen, examination of coloured school children's eyes, 331
Campbell, extirpation of kidney, 282
Cancerous ulcerations of uterus, local use of iron in, 570
Carbuncular inflammation of upper lip, 141
Carter, abscission of eyeball, 481
———, Mycetoma, notice of, 236
———, vertigo simulating brain disease induced by strain of convergent muscles of eyes, 284
Caruncles, syphilitic lesions of, 365
Carville, jaborandi, 542
Cataract extraction, statistics of, 493
Cerebral convolutions, motor centres in, 580
——— rheumatism, 17
Chaufford, a source of puerperal fever, 287
Chauvel, local anæsthesia by Esmarch's method, 566
Cheever, exstrophy of bladder, 586
Chiari, quinia as an abortifacient and oxytocic, 285
Chiene, bloodless surgery, 565
Chloral and physostigma, antagonism of, 264
———, intravenous injection of, 257
———, morphia, and atropia, combined administration of, 294
———, poisoning by, 573
——— and strychnia, antagonism of, 264
Chorea, hemlock in, 484
Chouppe, apomorphia, 544
———, mode of action of some emetics, 256
———, poisoning by chloral, 573
Clark, adenocele complicated with milk cyst, 479
Clarke, Building of a Brain, notice of, 196
———, ichthyosis linguæ, 480
———, pseudo-hypertrophic muscular paralysis, 483
Clavicles, dislocation of both, 276
Clay, Handbook of Obstetric Surgery, notice of, 241
Cline, traumatic epilepsy benefited by operation, 583
Cobra di capello, action of, 207
Cohen, Croup in its Relations to Tracheotomy, notice of, 528
Colotomy, lumbar, 149
Coma, diabetic, 206
Conjunctivitis, decoction of ipecacuanha in subacute, 283
Consumption, natural history of pulmonary, 488
Copaiba as a diuretic, 546
Copeman, tow pessary, 288
Corley, dislocation of both clavicles, 276
Cornea, conical, operation for, 283
Corson, Treatment of Pleurisy, notice of, 530
Cox, asymmetry of lower limbs, 438
Cousier, antagonism of atropia and morphia, 574
Cysts of abdomen, 215
——, ovarian, suppurating, 559

D.

Da Costa, cerebral rheumatism, 17
———, ergotine hypodermically in enlarged spleen, 117
———, splenic leukæmia, 117
Dalton, Vivisection, notice of, 520
Darby, traumatic epilepsy benefited by operation, 583
Davis, Clinical Lectures, notice of, 252
Death from disease or poison, 211
Demarquay, Lister's method of treating wounds, 274
———, podophyllin, 256
———, treatment of popliteal aneurism, 280
De Mussy, decoction of ipecacuanha in subacute conjunctivitis, 283
Deneffe, intravenous injection of chloral, 257
Derby, atropia treatment of myopia, 489
———, strychnia hypodermically in amaurosis and amblyopia, 292

De Stefani, nux vomica in nervous diseases, 259
De Witt, albuminuria as a symptom of epileptic paroxysm, 460
Diabetic coma, 206
Diarrhœa of typhoid fever, treatment of, 549
Dickson, progressive locomotor ataxy, 205
Diphtheria, Oertel on, 502
Diphtheritic puerperal fever, 46
District of Columbia Medical Society, notice of transactions of, 228, 498
Dixon, copaiba as a diuretic, 546
Dobell, pulmonary consumption, 488
Dowse, acute rheumatism, 550
Dressings, new material for fixed, 578
Duncan, tensile strength of fœtus, 286

E.

Ear, diagnosis of diseases of, 202
Ecchymosis, palpebral and subconjunctival, as a symptom, 203
Ecthyma, inoculability of pustules of, 274
Edes, syphilitic intra-cranial disease, 432
Egan, hydrops amnii, 569
Eldridge, aneurism of femoral treated by flexion, 134
Elytrorrhaphy, accidental, 454
Emetics, mode of action of some, 256
Ensor, ligature of common carotid and subclavian for innominate aneurism, 555
Enteritis, membranous, 103
Epilepsy, traumatic, benefited by operation, 583
Epileptic paroxysm, albuminuria as a symptom of, 460
Ergot, effects of alcoholic and watery extracts of, 545
Erysipelas and Childbed Fever, review of, 473
———, observations on, 553
——— treated with quinia, 294
Ether as an anæsthetic, 545
Evans, pruritus formicans in pregnancy, 139
Exstrophy of bladder, 586
Eye, effects of jaborandi on, 543
——, syphilitic lesions of, 412
Eyeball, abscission of, 481
———, enucleation of, with fatal result, 284
Eyes, examination of coloured school children's, 331
Eysell, new method of operating on larynx, 275

F.

Fagge, abscess in upper part of abdomen, 256
——, diabetic coma, 206
——, remote effects of spinal deformities, 206
Fanny, chloral in puerperal eclampsia, 287
Fibroma molloscum, 124
Findley, membranous enteritis, 103
Fitz, interstitial pregnancy, 95
Flint, Physiology, review of, 176
——, remedial uses of water, 578
Fœtus, tensile strength of, 286
Friedlander, lupus, 555
Fuckel, nitrate of amyl, 544

G.

Gastric juice, acid of, 536
Gastro-hysterotomy, 288
Gay, femoral aneurism treated by compression and then by ligation of iliac, 135
Gayet, penetrating wounds of knee, 558
Gee, renal calculi, 484
Gelatine disks for hypodermic use, 260
——— in nutrition, 254
Gibb, cancerous ulcerations of uterus, local use of iron in, 570
Giraldès, periostitis, 563
Gluteal artery, rupture of, 279
Glycerine-sichel, 259
Goitre, Stoerk and Nivet on, 238
Goodhart, surgical kidney, 203
Gosselin, ammoniacal urine and urinary fever, 272
Gould, jaborandi, 539
Gout, ferruginous benzoate of lithia in, 267
Graafian vesicle, decline of, 254
Green, colour tests for ametropia, 491
Greenfield, insanity as a sequel of acute disease, 214
Gubler, jaborandi, 536
Guillaumet, rupture of gluteal artery, 279
Guy's Hospital Reports, notice of, 200

H.

Hageman, form of cavity of uterus, 253
Hagen, Diagnosis, notice of, 525
Hammond, influence of quinia on intra-cranial circulation, 295
Hand, extensive laceration of, 439
——, movement of rotation of, 253
Harley, fool's parsley, 213
———, hemlock in chorea, 484
Hartshorne, Essentials of Medicine, notice of, 529
Hayne, ship air, 485
Head, occipito-posterior positions of, 285
Heart, overstrain of, 271
Helmholtz, mechanism of the ossicles of the ear, 240
Hematuria, malarial, 163
Hemorrhage, injections of hot water in uterine, 569
——————— of iodine in post-partum, 579
Hemorrhagic Malarial Fever, review on, 163
Hernia, reduction of, 276
———, tractile method in strangulated, 576
Herpes zoster, zinc phosphide in, 552
Hinton, diagnosis of diseases of the ear, 202
Hip-joint, amputation at, 289
Howse, operation for intestinal obstruction, 204
Hutchinson, laparotomy for intussusception, 557
Hyalitis, idiopathic, 479
Hydrocyanic acid, physiological action of, 261
Hydrops amnii, 569

I.

Ichthyosis linguæ, 480
Iliac artery, ligature of primitive, 279
Incisions, antiseptic, as aids to diagnosis, 564
Indiana Medical Society's Transactions, notice of, 229
Infecting sores in anomalous positions, 217
Insane Hospital Reports, notice of, 507

Insanity as a sequel of acute disease and hemorrhage, 214
Intestinal malformation, 291
——— obstruction treated by operation, 204, 218
Iodine in malarial fevers, 268
Ipecacuanha, therapeutic action of, 543
Irideremia, congenital, 143
Iridotomy, 567
Iron, strangury from local application of tincture of, 273
Irwin, anchylosis of jaw, 131
———, extensive laceration of hand, 439

J.

Jaborandi, 536, 537, 542, 543
Jacobi, Infant Diet, notice of, 250
Jatropa curcas a powerful hæmostatic, 259
Jaw, anchylosis of, relieved by novel mechanical means, 131
———, mechanical appliances for treatment of fracture of, 201
Jenks, uterus five weeks after delivery, 292
Johnson, diarrhœa of typhoid fever, 549
Joints, rheumatic and other diseases of, 208
Just, enucleation of eyeball, 284

K.

Keen, experiments on laryngeal nerves, 586
Keith, ether as an anæsthetic, 545
———, suppurating ovarian cysts, 559
Keyes, injection of bladder, 387
Kidney, extirpation of, 282
———, surgical, 203
King, carbuncular inflammation of upper lip, 141
Klein, finer anatomical changes in typhoid fever, 267
Knee, penetrating wounds of, 558
Koeberlé, torsion of pedicle of ovary, 571
Köhler, ergot, 545
Kosinski, multiple neuroma cured by division of a nerve trunk, 281

L.

Lachrymal apparatus, syphilitic affections of, 365
Laparotomy for intussusception, 557
Laptschinsky, pathology of the blood, 265
Lardier, amaurosis from carious tooth, 567
Larynx, epithelioma of, 406
———, extirpation of, 275
———, nerves of, experiments on, 586
———, new method of operating on, 275
———, tumour of, 394
Lecomte, movement of rotation of hand, 253
Lee, imperfect development of muscles of rectum and vagina, 478
——, primary excision of ankle-joint, 480
Leg, asymmetry in length of, 438
Le Monnier, quinia in erysipelas, 294
Lente, stricture of rectum, 144
Leukæmia, 449
———, splenic, 117
Levis, new material for fixed dressings, 578
Liebermeister, typhoid fever, 499
Llewellyn, tannin as a styptic, 258
Lucas, palpebral and subconjunctival ecchymosis as a symptom, 203
Lukomsky, observations on erysipelas, 553
Lupus, investigations on, 555

M.

Mac Cormac, bloodless operations, 216
Macdonald, occipito-posterior positions of the head, 285
Macleod, amputations through joints, 558
Madden, metro-peritonitis following use of ordinary female syringe, 571
Mahomed, Bright's disease, 486
Malarial Fever, Hemorrhagic, review of, 163
Markham, twins, one blighted with excess of amniotic fluid, 290
Martindale, jaborandi, 537
Maryland Medical and Chirurgical Faculty, notice of Transactions of, 226
Mason, infecting sores in anomalous positions, 217
Massachusetts Registration Report, notice of, 511
Mathews, aortic aneurism successfully treated by iodide of potassium, 150
Mathieu, rôle of the gases in coagulation of blood, 254
Maudsley, Responsibility in Mental Disease, notice of, 230
McKendrick, chemistry of therapeutics, 548
McClurg, bloodless surgery, 426
Medicines, antagonism of certain, 263, 547
Medico-Chirurgical Transactions, notice of, 478
Megrim, chloral in, 268
Meigs, pneumo-hydropericarditis, 81
Mercury, ammoniated, poisoning by, 210
——— in the late stages of syphilis, 107
Metro-peritonitis following the use of ordinary female syringe, 571
Miall, local application of tannin, 257
Michel, fibroma molluscum, 124
Michigan Registration Report, notice of, 513
Minor, Erysipelas and Child-bed Fever, review of, 473
Mitchell, nitrite of amyl, 577
———, spinal arthropathies, 338
Montgomery, traumatic aneurism in elbow cured by flexion, 453
Morphia and atropia, antagonism of, 265
———, chloral, and atropia, combined administration of, 294
——— and physostigma, antagonism of, 265
Morton, statistics of amputation, 313
Muller, blood pressure, 535
Munro, iodine in malarial fevers, 268
Murfree, amputation at hip-joint, 289
Mursick, leukæmia, 449
Mushrooms, atropia an antidote to, 262
———, poisoning by, 210
Mussels, poisoning by, 210
Mycetoma, notice of, Carter on, 236
Myopia, atropia treatment of, 489

N.

Nervous disorder, notes on cases of, 213
Neuritis, optic, with loss of vision, 568
Neuroma, multiple, cured by division of nerve trunk, 281
New Hampshire Medical Society's Transactions, notice of, 228
New Jersey Medical Society's Transactions, notice of, 221
North Carolina, Transactions of Eastern Medical Association of, notice of, 498

Nunneley, operation for conical cornea, 283
Nux vomica in nervous diseases, 259

O.

Oertel, diphtheria, 502
Orchitis, treatment of, by rest, 276
Ord, notes on cases of nervous disorders, 213
——, pseudo-hypertrophic muscular paralysis, 482
Ovarian cysts, suppurating, 559
Ovary, torsion of pedicle of, 571

P.

Packard, lumbar colotomy, 149
Panum, septicæmia, 551
Paralysis, acute spinal, 296
————, infantile, 348
————, progressive, 205
————, pseudo-hypertrophic muscular, 482, 483
————, strychnia in diphtheritic, 553
Parona, cystotomy for spasm of neck of bladder, 561
————, injection of chloral for varix, 556
Parry, diphtheritic puerperal fever, 46
Parsley, fool's, 213
Pedicle of ovary, torsion of, 571
Pericardium, air in, 81
Perier, reduction of hernia, 276
Perineal region, congenital tumour of, 219
Perineum, new operation for ruptured, 322
Periostitis, diffuse phlegmonous, 573
Perrin, tactile method in strangulated hernia, 576
Pessary, tow, 288
Phosphorus necrosis, 481
Physiology, Flint, review of, 176
Physostigma and atropia, antagonism of, 264
———————— chloral, antagonism of, 264
———————— morphia, antagonism of, 265
———————— strychnia, antagonism of, 547
Pneumo-hydropericarditis, 81
Podophyllin, 256
Polichronie, ipecacuanha, 543
Polypus of tongue and of uvula, 457
Ponzoni, treatment of orchitis by rest, 276
Potash, binoxalate of, poisoning by, 210
Pregnancy, influence of syphilis on, 570
————, interstitial, 95
————, pruritus formicans in, 139
Providence Registration Report, notice of, 514
Pruritus formicans during pregnancy, a cause of abortion, 139
Puerperal eclampsia, chloral in, 287
————- fever, diphtheritic, 46
———————— and erysipelas, 473
———————————, a source of, 237
Purdon, dislocation forwards of styloid end of ulna, 277
Purpura hæmorrhagica, 266

Q.

Quarantine, notice of recent articles on, 245
Quinia as an abortifacient and oxytocic, 285
——, influence of disulphate of, over the intra-cranial circulation, 295

R.

Rabuteau, acid of gastric juice, 536
Raynaud, cold baths in cerebral rheumatism, 561
Rectum, imperfect development of circular muscular fibres of, and vagina, 478
————, stricture of, 144
Rectus muscle, rupture and displacement of internal, 284
Registration Reports, notice of, 511
Respiration, experiments on muscles of, 586
Reuling, congenital irideremia, 143
Reviews—
Allen, Studies in Facial Region, 470
Flint, Physiology, 176
Hemorrhagic Malarial Fever, 163
Minor, Erysipelas and Child-bed Fever, 473
Scanzoni, Female Sexual Organs, 461
Rhamnus frangula as a substitute for castor oil, 546
Rheumatism, cerebral, 17
———————————, cold baths in, 551

Rotunda Lying-in Hospital Reports, notice of, 517
Russell, process for estimating urea, 531

S.

Sacral region, congenital tumours of, 219
Sale, new method of applying medicines to uterus, 459
Salicylic acid, 583
Salter, Dental Surgery, notice of, 521
San Francisco Registration Report, notice of, 516
Sansom, gelatine disks for hypodermic medication, 260
Savory, phosphorus necrosis, 481
Scanzoni, Female Sexual Organs, review of, 461
Scarlatina, anointing with cocoa butter in, 268
Seguin, spinal paralysis, 296
Seitz, overstrain of heart, 271
Septicæmia, 554
Seymour, intestinal malformation, 291
Silvestri, gastro-hysterotomy, 288
Simmons, new splint for fracture of lower extremities, 444
Sims, utero-gastrotomy, 582
Sinkler, infantile paralysis, 348
Slaveanski, decline of Graafian vesicles, 254
Smith, amputations by ligature and elastic cord, 429
——, Handbook for Midwives, notice of, 247

Smith, rheumatic and other diseases of joints, 208
Sparks, skin disease caused by acarus folliculorum, 487
Spinal deformities, remote effects of, 206
Spleen, hypodermics of ergotine in enlargement of, 117
Splint for fracture of lower extremities, Simmons', 444
Squibb, salicylic acid, 583
Stedman, syphilitic intra-cranial disease, 432
Steele, operation for varix, 557
Stethoscopes, acoustic principles of, 483
Stevenson, cases of poisoning, 210
Stillé, Therapeutics and Materia Medica, notice of, 189
Stone, physical basis of auscultation, 216
Strychnia and chloral, antagonism of, 264
St. Thomas's Hospital Reports, notice of, 212
Sturgis, mercury in the late stages of syphilis, 107
Sunstroke, hypodermic injection of atropia in, 111
Surgery, bloodless, 565
Synovitis, treatment of chronic strumous, 277
Syphilis, influence of, on pregnancy, 570
———, mercury in the late stages of, 107

T.

Tannin, as a styptic, 258
———, local application of, 257
Tattoo-marks as evidence of personal identity, 210
Taylor, action of cobra di capello, 207
———, death from disease or poison, 211
———, excretion of urea by skin, 209
———, guaiacum blood-test, 212
———, syphilitic affections of lachrymal apparatus, 365
———, tattoo-marks as evidence of personal identity, 210
Teevan, subcutaneous urethrotomy, 562
Texas Medical Society's Transactions, notice of, 496
Theine and meconate of morphia, antagonism of, 547
Therapeutics, chemistry of, 548
Thomas, Diseases of Women, notice of, 189
Thompson, Diseases of the Urinary Organs, notice of, 249
———, zinc phosphide in herpes zoster, 552
Thorowgood, optic neuritis with loss of vision, 568
Toner, Early Medical History of the United States, notice of, 527
Tonoli, treatment of varix by injection of chloral, 281
Tracheotomy in croup, 528
Transfusion of lamb's blood in consumption, 269
Trask, injections of iodine for post-partum hemorrhage, 579
Trismus nascentium, 375
Tweedy, effects of jaborandi on eye, 543
Twins, one blighted with excess of amniotic fluid, 290
Typhoid fever, finer anatomical changes in, 267
———, Liebermeister on, 499
———, treatment of, by cold, 548
Tyson, Examination of Urine, notice of, 529
